31. The Committee agreed that Members with constituencies outside the Greater Vancouver Regional District (the area identified as the "Vancouver Capital") may claim reasonable travel expenses (including taxi, rental car, personal vehicle use, parking) within the Greater Vancouver Regional District when claiming capital city allowance. These expenses are in addition to normal expenses incurred when travelling from constituency to capital. (Decision May 10, 2000 – Memorandum #1)
 32. The Committee agreed that there are occasions when members, with constituencies outside the Capital Regional District or the Greater Vancouver Regional District, initially travel from their constituency to Victoria and then have a return trip from Victoria to Vancouver before returning to their constituency. In this case, the travel cost will be deemed to be an additional constituency to capital trip and will be counted as one of the 52(60) annual trips allowed to a member. The alternative is that the member counts the Victoria to Vancouver trip as a business trip and claims actual expenses. (Decision May 10, 2000 – Memorandum #1)
 33. The Committee agreed that standard supplies for cellular telephones will now include the following: the telephone, two batteries, two battery chargers, one in-car "hands free" kit for an automobile, and a cover. (Decision May 10, 2000 – Memorandum #1)

Effective 01 April 2000, this provision is extended to paper and toner for photocopiers and computer printers. (Decision May 10, 2000 – Memorandum #1)
 35. The *Members' Handbook* currently indicates under "Stationery and Supplies" that members' business cards, in reasonable quantities, are provided by the Legislative Assembly and that stationery and supplies for use in a constituency office must be provided by the member's constituency office allowance. Despite this, the Committee agreed that the Legislative Assembly will provide business cards for constituency assistants, again in reasonable quantities. (Decision May 10, 2000 – Memorandum #2)
 36. Members are currently restricted to a total of eight (8) business trips per fiscal year, each of no more than four (4) days duration and three (3) overnight accommodation. The Committee recommended that all members are entitled to eight trips of five (5) days duration and four (4) overnight accommodation. (Decision May 10, 2000 – Memorandum #2)

37. The Committee agreed to the following:

- a) If a member does not spend the night in Vancouver, the member continues to claim the daily Capital City Allowance of \$48.00. If travel costs are claimed, the trip will constitute one of the 52(60) trips allocated to a member each fiscal year.
- b) If a member with a constituency outside of the Greater Vancouver Regional District does spend the night in Vancouver and continues to be on legislative business, the member claims actual costs. The related travel costs to and from Vancouver will constitute one of the 52(60) trips allocated to a member each fiscal year. Actual costs would include:
 - Hotel room costs supported by receipts (only room costs, parking and related tax)
 - Receipted parking in other locations in the Greater Vancouver area
 - Personal vehicle use at \$0.40 per kilometre within the Greater Vancouver area
 - Receipted taxi or rental car use within the Greater Vancouver area
 - A per diem of \$51.50, or \$25.75 per half-day (no receipts required). This per diem covers meals and other incidental expenses.
- c) If a member uses his/her Diners Club/Enroute credit card to pay for the hotel bill, costs other than those identified above (room, parking and related tax) will be deducted from the member's claim as a personal charge.
- d) If a member with a constituency outside of the Greater Vancouver Regional District does spend the night in Vancouver, continues to be on legislative business, but does not require paid overnight accommodation, the member claims \$30.00 per night, plus the parking, personal vehicle use, taxi, rental car and meal per diems outlined above.
- e) Members with constituencies inside the Greater Vancouver Regional District cannot claim overnight costs under this guideline. (Decision May 10, 2000 – Memorandum #3)

Business Travel

Members are currently restricted to a total of eight (8) business trips per fiscal year, each of no more than four (4) days duration and three (3) overnight accommodation. The Committee recommended that all members are entitled to eight trips of five (5) days duration and four (4) overnight accommodation. (Decision May 10, 2000 – Memorandum #2)

Vancouver Accommodation

The Committee agreed to the following:

1. If a member does not spend the night in Vancouver, the member continues to claim the daily Capital City Allowance of \$48.00. If travel costs are

claimed, the trip will constitute one of the 52(60) trips allocated to a member each fiscal year.

2. If a member with a constituency outside of the Greater Vancouver Regional District does spend the night in Vancouver and continues to be on legislative business, the member claims actual costs. The related travel costs to and from Vancouver will constitute one of the 52(60) trips allocated to a member each fiscal year. Actual costs would include:
 - Hotel room costs supported by receipts (only room costs, parking and related tax)
 - Receipted parking in other locations in the Greater Vancouver area
 - Personal vehicle use at \$0.40 per kilometre within the Greater Vancouver area
 - Receipted taxi or rental car use within the Greater Vancouver area
 - A per diem of \$51.50, or \$25.75 per half-day (no receipts required). This per diem covers meals and other incidental expenses.
3. If a member uses his/her Diners Club/Enroute credit card to pay for the hotel bill, costs other than those identified above (room, parking and related tax) will be deducted from the member's claim as a personal charge.
4. If a member with a constituency outside of the Greater Vancouver Regional District does spend the night in Vancouver, continues to be on legislative business, but does not require paid overnight accommodation, the member claims \$30.00 per night, plus the parking, personal vehicle use, taxi, rental car and meal per diems outlined in Item 2 above.
5. Members with constituencies inside the Greater Vancouver Regional District cannot claim overnight costs under this guideline. (Decision May 10, 2000 – Memorandum #3)

Constituency Allowance

Pursuant to the above decision of October 22, 1993, the Committee decided to reduce Members' constituency office allowance by \$500.00 per month, from \$3672 to \$3172. This reduction took into account the removal of rent from the costs traditionally covered by the monthly allowance into its separate envelope. (Decision October 22, 1993)

Constituency Allowance

Pursuant to the above two decisions of October 22, 1993, the Committee decided to terminate the accountable advance program, which had been instituted earlier in the year to assist Members experiencing a shortfall due to high rents. It was decided that the advances would be repaid to the Legislative Comptroller over a reasonable period of time. (Decision October 22, 1993)

Capital City Allowance

The Committee agreed that there are occasions when members, with constituencies outside the Capital Regional District or the Greater Vancouver Regional District, initially travel from their constituency to Victoria and then have a return trip from Victoria to Vancouver before returning to their constituency. In this case, the travel cost will be deemed to be an additional constituency to capital trip and will be counted as one of the 52(60) annual trips allowed to a member. Memorandum # 1 (addendum to May 10, 2000 Minutes)

TO: E. George MacMinn, QC
Clerk of the House
FROM: Peter Bray, MBA, CGA
Legislative Comptroller
DATE: 28 March 2000
SUBJECT: Members' Expenses

Reference is made to a meeting held today and attended by Rich Coleman, MLA, Gary Farrell-Collins, MLA, Gerard Janssen, MLA, the Speaker, Bob Vaive, yourself and the writer. As a result of this meeting, the following outcomes were determined:

1. Travel within the Capital – Members with constituencies outside the Greater Vancouver Regional District (the area identified as the "Vancouver Capital") may claim reasonable travel expenses (including taxi, rental car, personal vehicle use, parking) within the Greater Vancouver Regional District when claiming capital city allowance. These expenses are in addition to normal expenses incurred when travelling from constituency to capital.
2. Travel between Victoria and Vancouver – There are occasions when members, with constituencies outside the Capital Regional District or the Greater Vancouver Regional District, initially travel from their constituency to Victoria and then have a return trip from Victoria to Vancouver before returning to their constituency. In this case, the travel cost will be deemed to be an additional constituency to capital trip and will be counted as one of the 52(60) annual trips allowed to a member. The alternative is that the member counts the Victoria to Vancouver trip as a business trip and claims actual expenses.

3. Cellular Telephones – Standard supplies for cellular telephones will now include the following: the telephone, two batteries, two battery chargers, one in-car “hands free” kit for an automobile, and a cover.
4. Printing Supplies – The existing guidelines indicate that constituency offices can claim reimbursement for the purchase of paper and toner for facsimile machines. Effective 01 April 2000, this provision is extended to paper and toner for photocopiers and computer printers.

In addition to the above, the following items were discussed and the current practice of the Comptroller's office was confirmed:

1. Members, and their constituency offices, will submit claims for reimbursement and invoices on a timely basis. Claims for capital city allowance, travel between constituency and the capital, and business travel will be submitted to the Comptroller's office on a timely basis. The member/constituency office will forward communication invoices to the caucus when received.
2. If a member has claimed capital city allowance for a given day, business expense meal claims cannot be made for that same day.
3. If additional people accompany a member where travel on a BC ferry is paid by means of the BC Ferry credit card, the member is personally responsible for the additional cost, or, if the additional people are spouse or dependent children, must report the fares as additional constituency to capital trips.
4. Members will provide complete information when claiming capital city allowance and/or reimbursement of travel expenses. This includes the provisions of itemised meal receipts (where available), from/to travel details, provision of flight coupons (if available), and recording of all expenses charged to the corporate credit card.
5. Members will review BC Ferry and Diners/EnRoute credit card statements when received, clearly identify the nature of the charges (e.g. travel from/to constituency, business travel, or personal charge) and return the statement to the Comptroller's office on a timely basis (hopefully within one month). If there are personal charges, the member forwards a cheque with the returned statement.
6. If the Comptroller's office identifies a potential problem/issue, the Comptroller will contact the appropriate caucus whip and advise the nature of the problem, the member involved, and a potential solution.

Based on discussions around the acceptance of the Diners/EnRoute corporate credit card, the Comptroller will make arrangements for an agreement with a financial institution providing VISA, Mastercard or American Express to provide a similar level of corporate credit to members. Once this new card is implemented, use of the BC Ferry credit card will cease.

It was finally agreed that the whips would meet with the Comptroller on a monthly basis (preferably the second Wednesday of each month at 9:00 while the house is in session and by teleconference when out of session) to review administrative issues requiring resolution.

SUBJECT: Meeting with Whips

Rich Coleman, MLA and Gerard Janssen, MLA met with the writer this morning. The following issues were resolved or await further information prior to resolution:

1. Internet/Network Access – Both Whips indicate that many offices using the Sympatico service have complaints about the length of time it takes to download documents. This issue has been referred to Graeme Brown, Manager Computer Systems, for investigation and feedback. On receipt of Graeme's assessment, I will pass this information on to both caucuses.
2. Business Card Expense for Constituency Assistants – The *Members' Handbook* currently indicates under "Stationery and Supplies" that members' business cards, in reasonable quantities, are provided by the Legislative Assembly and that stationery and supplies for use in a constituency office must be provided by the member's constituency office allowance. Despite this, it has been agreed that the Legislative Assembly will provide business cards for constituency assistants, again in reasonable quantities. RESOLVED.
3. Long Term Disability Insurance for Members – Rich Coleman gave me the name of an individual who may be able to help in obtaining long term disability insurance for members. I have been in touch with this individual and have passed on the demographics of the Legislative Assembly in order that we can obtain some idea of costs and limitations. I will pass this information of to LAMC/caucuses as soon as it is available.
4. Actual Costs of Overnight Stays in Vancouver – Both Whips indicated that current hotel costs for overnight stays in Vancouver have become prohibitive. They asked that I recommend an alternative solution. This is covered off on a separate issue paper. Once approved by LAMC, this can be put into place immediately.
5. Business Trips – Members are currently restricted to a total of eight (8) business trips per fiscal year, each of no more than four (4) days duration and three (3) overnight accommodation. It has been recommended and implemented that all members are entitled

to eight trips of five (5) days duration and four (4) overnight accommodation.
RESOLVED.

Memorandum #3 (addendum to May 10, 2000 Minutes)

TO: E. George MacMinn, QC
Clerk of the House
FROM: Peter Bray, MBA, CGA
Legislative Comptroller
DATE: 9 May 2000
SUBJECT: Cost of Accommodation in Vancouver

Caucuses have identified a concern around the cost of hotel accommodation in Vancouver, and the fact that Capital City Allowance does not come close to covering actual costs incurred.

Proposed Solution:

1. If a member does not spend the night in Vancouver, the member continues to claim the daily Capital City Allowance of \$48.00. If travel costs are claimed, the trip will constitute one of the 52(60) trips allocated to a member each fiscal year.
2. If a member with a constituency outside of the Greater Vancouver Regional District does spend the night in Vancouver and continues to be on legislative business, the member claims actual costs. The related travel costs to and from Vancouver will constitute one of the 52(60) trips allocated to a member each fiscal year. Actual costs would include:
 - Hotel room costs supported by receipts (only room costs, parking and related tax)
 - Receipted parking in other locations in the Greater Vancouver area
 - Personal vehicle use at \$0.40 per kilometre within the Greater Vancouver area
 - Receipted taxi or rental car use within the Greater Vancouver area
 - A per diem of \$51.50, or \$25.75 per half-day (no receipts required). This per diem covers meals and other incidental expenses.
3. If a member uses his/her Diners Club/Enroute credit card to pay for the hotel bill, costs other than those identified above (room, parking and related tax) will be deducted from the member's claim as a personal charge.
4. If a member with a constituency outside of the Greater Vancouver Regional District does spend the night in Vancouver, continues to be on legislative business, but does not require paid overnight accommodation, the member claims \$30.00 per night, plus the parking, personal vehicle use, taxi, rental car and meal per diems outlined in Item 2 above.
5. Members with constituencies inside the Greater Vancouver Regional District cannot claim overnight costs under this guideline.

APPENDICES

I - Summary of Recommendations of Report of the Auditor General Titled "Financial Administration of Vote 1"

Recommendations made in the Office of the Auditor General of British Columbia report titled *Financial Administration of Vote 1* are listed below for ease of reference. These recommendations should be regarded in the context of the full report.

The Office of the Auditor General recommends that:

1. LAMC meet to review and approve, or arrange to have approved, the Vote 1 estimates each year. It should also specify review and approval procedures to cover those times it is itself unable to meet.
2. if the Vote 1 estimates are approved other than by the full LAMC (i.e., by a subcommittee of LAMC), a record of the approval should be kept and reported to the committee at its next meeting, and recorded in its minutes.
3. LAMC ensure that all of its decisions having financial implications be taken fully into account when determining the Vote 1 estimates.
4. LAMC consider changing its procedures so that its decisions can be promptly communicated.
5. LAMC be provided with regular reports comparing the actual year-to-date expenditures, and projected fiscal year expenditures, with the estimates.
6. when it becomes apparent that the expenses of the Legislative Assembly will exceed the funds appropriated in Vote 1, LAMC meet and consider what courses of action are open to it.
7. use of the statutory expenditure appropriation (when it occurs) be approved by LAMC, or its delegate.
8. the Legislative Comptroller give formal assurance to LAMC on a regular basis throughout the year that no expenditure limits set by the committee have been exceeded or, if that is not the case, report promptly to the committee the specific instances where a limit has been exceeded.
9. when LAMC-set expenditure limits are, or are about to be, exceeded, LAMC meet to consider what action to take.
10. LAMC specify the extent of authority that the Speaker or other delegate can exercise on its behalf in situations involving LAMC-set expenditure limits, when it is unable to meet.
11. LAMC provide an annual public report on the reasons for variances between budgeted and actual amounts in Vote 1 expenditures.
